Founded in Amman

5

Branches across Jordan: Amman,
Irbid and Zarqa

Four divisions, one group.

Diken started with spare parts for multinationals and grew into the fleet, the agencies and the investments below.

Delivery & Logistics

5,000+ captains, five branches, 20,000 orders a day.

The fleet behind Talabat, Careem, HungerStation and noon, with 80 company-owned vehicles.

Distribution & Agencies

Motul, Wabco and BPW, exclusively in Jordan.

Three decades of spare-parts supply, three exclusive agencies.

Motorcycles

Hero and SYM agents in Jordan.

Two-wheelers for riders and fleets, with parts and service behind them.

Investments

Samhouri & Diken and Areena.

Half of a leading insulation supplier, a quarter of Jordan's first battery-swap network.

Technology

An operation that runs on AI.

Agents for dispatch, cash collection, partner orders, content and reporting.

Thirty-five years, one direction.

1990

Founded in Amman

Spare-parts supply and distribution for multinational companies.

Growth

Riyadh and Dubai, built and sold

Diken built delivery operations in Saudi Arabia and the UAE from scratch and sold both as going concerns.

Firsts

Women, disabilities, financing

The first women captains and captains with disabilities in Jordan's delivery sector.

2019

Delivery begins

A delivery company built to serve Talabat and Careem.

Agencies

Hero, SYM, Motul, Wabco, BPW

Exclusive agreements for Jordan, with the group's own fleet as the first customer.

Today

An AI-run operation

5,000+ captains, 20,000 orders a day, the first swap scooter in Jordan.

2019. The first six scooters the delivery arm started with.

The fleet behind the apps Jordan orders from.

Since 2019 Diken has built and run the captain network that delivers for Talabat, Careem, HungerStation, noon and leading restaurant groups. Jordan is home, with five branches. Diken also built delivery operations in Riyadh and Dubai and sold both as going concerns, proof the model travels.

AMERICANA
RESTAURANTS

Where Diken began, and still leads.

Founded in 1990 to supply spare parts to multinational companies in Jordan. Three decades later, three exclusive agency agreements for the country, with the group's own fleet as a reference customer.

MOTUL

Lubricants

Engine and transmission oils for motorcycles, cars and fleets.

WABCO

Braking and control

Air-brake, ABS and electronic systems for trucks, buses and trailers.

Trailer axles

Axles, suspensions and running gear for trailers and semi-trailers.

Motorcycles

Hero and SYM, ridden by the people who ride most.

Diken is the Hero and SYM agent in Jordan. Its own captains put thousands of kilometres a month on these machines, the hardest test a motorcycle gets. Genuine parts and Motul lubricants come from the same group.

Two companies we helped build.

50% · Samhour & Diken

A leading insulation and duct-accessories supplier.

Represents Izocam, SABIC Steel, Vents and other brands in Jordan and supplies the country's largest construction projects.

Duct accessories

Le Royal Hotel

Sheraton Amman

City Mall

Queen Alia International Airport

Projects supplied shown in red.

25% · Areena

Green scooter solutions and Jordan's first swap grid.

Exclusive Blue Shark agent. With Talabat and Total, the first battery-swapping network for scooters in Jordan. A swap takes a minute.

Work that finds you. Income that grows with you.

What Diken did first in Jordan's delivery economy.

1st

To onboard captains with disabilities

With Talabat, working conditions built so people with disabilities can earn safely and steadily.

1st

To onboard women captains

Women earn on the road with Diken, with the same support and the same pay.

1st

Zero down payment, zero interest

With Microfund for Women, financing for people with no vehicle and no job.

1st

Electric scooter with battery swapping

Through Areena, with a Talabat-sponsored incentive. Swap, don't wait.

Ministry of Labour

Social security for full-time captains. Delivery becomes a job with a record.

80 vehicles

A company-owned fleet so that not owning a motorcycle is no reason to stay out of work.

An operation that runs on AI.

Operations and collection

An agent supports dispatch and the daily reconciliation of cash collected on delivery.

Partner orders with Careem

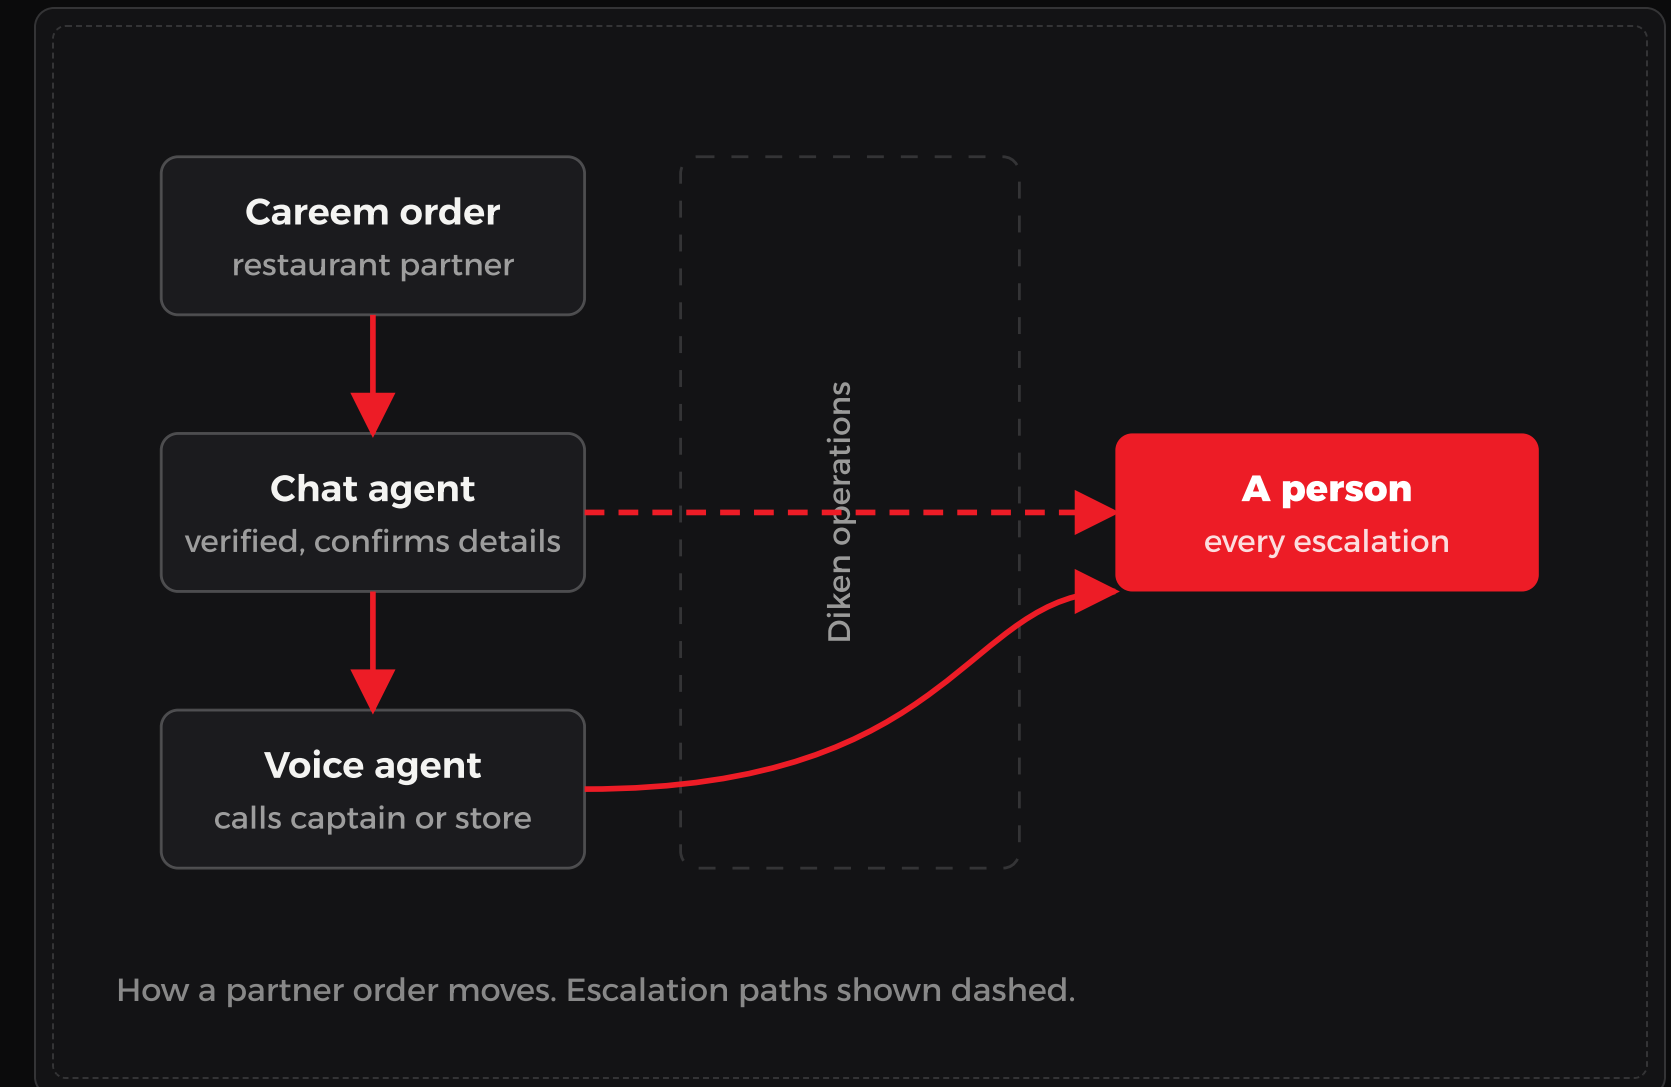

Integrated with Careem to coordinate orders for leading quick-service restaurant brands, through a verified chat agent and a voice agent that escalate to people.

Content and ads

AI-generated social content and ad analysis for every brand in the group.

Finance and sales reports

AI-assisted reporting so managers read the numbers the morning after.

Our partners.

Partners in delivery, restaurants, vehicles, parts, finance and energy.
